**BAD BREATH is NOT normal... it's a sign of disease!**

Studies have shown that **YEARLY** teeth cleanings provide these benefits:

- reduces plaque and tartar formation
- decreases gum and tooth infections
- helps prevent bad breath
- helps prevent heart, kidney and liver disease

Almost all pets over 3 years of age have some form of dental disease. Poor oral health can cause serious health problems. **Even a small amount of plaque buildup can place additional demands on the heart, kidney and liver – shortening your pet's happiness and life.**

***Regular dental care means a happier, healthier pet!***

**FEBRUARY IS NATIONAL PET DENTAL MONTH**

**20% SAVINGS**  
**PROFESSIONAL DENTAL CLEANING**

Discount applies to anesthesia, ultrasonic scaling, polishing, extractions, medications, and post-op recovery.
